

“Stephen Nasser somehow dug deep within his soul to survive the brutal and inhumane treatment his captors inflicted upon the Jews. He was the only one of his family to survive, but the memory of his brother’s dying words compelled him to live.”

# MY BROTHER’S VOICE

## HOW A YOUNG HUNGARIAN BOY SURVIVED THE HOLOCAUST: A TRUE STORY

This true, historical account picks up where *Anne Frank: The Diary of a Young Girl* leaves off.

Stephen “Pista” Nasser was thirteen years old when the Nazis whisked him and his family away from their home in Hungary to Auschwitz. His memories of that terrifying experience are still vivid, and his love for his brother Andris still brings a husky tone to his voice when he remembers the terrible ordeal they endured together.

Somehow, miraculously, some people did survive. Stephen Nasser survived. He was there. He wrote this account not to ask for pity or retribution, but to tell

the truth that could allow us to save ourselves from ourselves. His story is painstakingly unembellished so that we will know what really happened.

Nasser’s account, told in the refreshingly direct and optimistic language of a young boy, will help every reader to understand that the Holocaust was real and that if you have enough love, determination and will power there is always a better tomorrow.
